

## CLAIMS

I claim:

1. A customized cover for binders, folders and portfolios, comprising:

a lined cover having a continuous exterior surface and a continuous interior surface, said cover having a first end and a second end;

a first pocket disposed on said interior surface, said first pocket positioned adjacent said first end;

a second pocket spaced from said first pocket and disposed on said interior surface, said second pocket positioned adjacent said second end;

wherein said first pocket and said second pocket have opposite sides and including a pair of webbing straps attached to the interior surface of the cover and disposed to provide reinforcement and to disguise stitching; and

decorative designs disposed on said exterior surface.

2. The customized cover for binders, folders and portfolios as recited in claim 1, wherein the cover is constructed from fabric.

3. The customized cover for binders, folders and portfolios as recited in claim 2, wherein the fabric is made from water repellant material.

4. A customized cover for binders, folders, and portfolios comprising:

a lined fabric cover having a continuous exterior surface and a continuous interior surface, said cover having a first end and a second end;

a first pocket disposed on said interior surface, said first pocket positioned adjacent said first end;

a second pocket spaced from said first pocket and disposed on said interior surface, said second pocket positioned adjacent said second end;

means to secure said cover in a closed position; and

decorative designs disposed on and affixed to said exterior surface.

5. The customized cover for binders, folders and portfolios as recited in claim 4, wherein said first pocket and said second pocket have opposite sides and including a pair of webbing straps attached to the interior surface of the cover and disposed to provide reinforcement and to disguise stitching.

6. The customized cover for binders, folders and portfolios as recited in claim 5, wherein said pair of webbing straps is fabricated from non-stretchable fabric tape.

7. The customized cover for binders, folders and portfolios as recited in claim 4, wherein said cover has a front exterior surface and wherein said means to secure includes a securing strap attached to and spanning said front exterior surface.

8. The customized cover for binders, folders and portfolios as recited in claim 7, wherein said securing strap has a length extending between opposite ends and wherein said securing strap is attached to said exterior surface at said opposite ends.

9. The customized cover for binders, folders and portfolios as recited in claim 7, wherein said cover has an edge and said means to secure further includes a flap member extending from said edge.

10. The customized cover for binders, folders and portfolios as recited in claim 9, wherein said flap has a length substantially coincident with the length of said securing strap.

11. The customized cover for binders, folders and portfolios as recited in claim 4, wherein said cover has a front exterior surface and wherein said means to secure includes a hook and loop fastener disposed on said front exterior surface.

12. The customized cover for binders, folders and portfolios as recited in claim 11, wherein said cover has an edge and said means to secure further includes a flap member extending from said edge, and further including a hook and loop fastener disposed on said flap member.
